ASSEMBLIES IN PROFESSIONAL HANDS

AgroInPro - Industrial Services

# WHO WE ARE?

- **AgroInPro** is an international consulting company that was designed to provide coverage to its clients as outsourcing in the grain post-harvest industry.
- In the early days, the company **SAN JOSE**, founded in 1983 in Spain, manufactured grain dryers and handling equipment. 2014 we started to provide professional services to the most important companies in the grain handling sector, establishing **AgroInPro** and **YourSiloEngineer**, companies dedicated to provide high quality services in the grain handling and storage sector.
- **All our core members** have more +20 **years of experience** in the sector and have provided their services to the most important companies of this sector, adjusting to their needs and highest quality expectations.
